# What Can The MWBA Do For ME?

The MWBA is a great group. I consider these guys not only friends but my brothers. It has helped me a ton on being the best cook I can be!!!!

Huskerchops  
BBQ

You're a good bbq cook. You care about your craft. You've studied and practiced and learned. Your family and friends all love your bbq. Its time to take the next step and enter your first competition. This is where the MWBA is a perfect group for you

First and for-most, the MWBA was formed to give equal and unbiased judging. We work with judges to give them a standard that excellent bbq should be.

Second, we are an affordable group. Most of our contests are \$50 or under for entry and most of our contests will supply the meat for you to use in the contest. Other BBQ organizations charge over \$100 to enter there contests plus you have the costs of the meat in there. Also by doing this we allow the public to taste our craft, not just a few judges.

Third we are a tight group who is always there to help each other learn the craft. We like to compete with each other but yet are always willing to give a hand when needed. We have a circuit of 15-20 contests a year along with a finals contest. Our contests are mainly in Northeastern Nebraska.

So Come Join the best BBQ Association around.
